**Subject:** SPMT Marcus Hook Engine Testing Approval  
**Attachments:** MarcusHookSPMT May 2021 Engine App.pdf

Hi Kevin,

Attached is the approval to test all 6 flood pump engines at the Marcus Hook Terminal during Summer 2021, following the previously approved methods, including the shortened run times.

Jill, SPMT had submitted their protocol to the DEP Source Testing Section several months ago because they have retained a new testing company, so they are ok on that front.

Let me know if anyone has questions. Thanks!
